THE COG-WHEELS -WE MAKE THE BEST

The firm began the activity in 1983 in Wrocław.

The headquarters is still in Wrocław, and the production division is in Oleśnica. We have two workshops at Moniuszki Str.19 and 19c. The total productive area is 2000m².

In the beginning we have produced cogged wheels for the agricultural industry. We gain over new customers on our products in the result of solid investments. We produce items from the agricultural industry up to the precise parts for new machines. We deliver items to the machine industry (modern CNC machines). We produce precise cogged wheels for transmissions of various types.

Our products work in machines in the whole world.

„The customer is our master”. We provide perfect production processes thanks to this philosophy and continuous investments.

Besides the cogged wheels we deliver to you our knowledge and technologies.

The cog-wheels with teeth of straight & helical lines

Worm (polished) and worm-wheels

Chain wheels

Wheel for toothed belts of trapezoidal outline (metric & inch scales)

Cog-wheel conical straight lines & curved (kurvex)

Zakład Kót Zębatych

Toothed slats (option-polished)

Spline straight lines and involute

Casing, transmissions

Zakład Kót Zębatych

Various machine parts

Industrial processes :

Cutting
Turning
Milling
Grinding
Hardening

Quality policy:

We are manufacturer of gears of various kind from belt up-to toothed belts of very high quality parameters. Our products find applications in the agricultural machines, machine tool industry and in general mechanical engineering.

We put our efforts to provide full satisfaction to customers beyond the targets, by providing with products and services meeting all requirements and expectations agreed.

We implement the politics taken on of the quality through: Constant and systematic analysis of satisfying customers, establishing quality objectives for individual processes carried out,

Systematic lowering productions cost, constant improvement of Quality Managing System based on the ISO 9001 norm: 2009.

HUMAN RESOURCES:

To assure respective area of competence of our staff affecting good performance of our company, we arrange trainings of different kind, aimed in raising qualifications and awareness of employees and the importance of their operations.

At present we have 50 employees (+ 4 owners).

Zakład Kół Zębatych

Projekt współfinansowany przez Unię Europejską
ze środków Europejskiego Funduszu Rozwoju Regionalnego
oraz z budżetu państwa w ramach
Regionalnego Programu Operacyjnego
dla Województwa Dolnośląskiego na lata 2007-2013

Investment project for 2010:

EU SUBVENTION:

Purchase of the KAPP KX300P grinding centre
Purchase & implementation of Integrated Management System and Production Planning of the ERP class
Purchase the CAD/CAM system

ZKZ s.c:

Purchase of measuring machine to CNC cog-wheel
Exchanging the power cable and a water system for workshops

All above plans were recently realized

KAPP KX 300P - www.zkz.net.pl

Gear wheels of DIN 4-5 is standard quality,
but in practice even DIN2-3 is achieved

Zakład Kół Zębatych

Clients:

Policy of „ ZKZ ” is pointed at achieving full satisfaction of its customers.

Manners of the identification of requirements of Customers, the communication with them and the data analysis for increasing satisfaction of the Customer are a priority for us. At present we have the pleasure to cooperate with well known renowned companies:

CNH PL/DE/USA/Brasil /BE/FR/TUR
STEINLEN
A&F
DMG
BOART LONGYEAR

We thank you and invite to the co-operation
